## About Renkara Media Group, Inc.

Renkara Media Group, Inc., founded in 2008, builds AI-powered learning technology. Its flagship product, AccelaStudy® AI, is an adaptive learning platform that maintains real-time knowledge models of every learner and uses them to eliminate wasted study time across 300+ certification exams and standardized tests. The entire platform — engine, four backend services, nine native clients, twenty-five internal tools, nineteen marketing sites, and a 637-claim patent portfolio — was built in 81 days by founder Charles Sieg working with Anthropic’s Claude as his only engineering collaborator. Renkara is bootstrapped and headquartered in Keller, Texas. Learn more at [accelastudy.ai](https://accelastudy.ai).

## About AccelaStudy AI

AccelaStudy AI is an adaptive learning platform that maintains a real-time, multidimensional model of every learner’s knowledge — updated in under 2 milliseconds after every interaction — and uses it to eliminate wasted study time, predict exam readiness, and diagnose the root cause of every mistake. Covering 300+ certification exams and standardized tests with over over 1.4 million synthesized questions and more than 2,000 hands-on labs, AccelaStudy reached web General Availability on Monday, May 11, 2026, with native applications for iOS, iPadOS, macOS, Windows, and Linux launching Monday, June 1, 2026 with real-time cross-device knowledge synchronization.
